ana This Time

Thomas R. Marshall.

Indianapolis, Ind., Nov. 8.—Revised figures on Tuesday's election in Indiana from official, unofficial and estimated returns from the entire state give Wilson a plurality of 113,537. Raister's plurality over Beveridge for governor in 112,487.

OFFICIAL CANVASS

Poll Books Returned And Vote
Was Counted Yesterday.

The ballot boxes and certificates of the election officers of all the precincts in the county were returned Thursday. The election commissioners began counting the vote yesterday morning. The commission is composed of E. H. Higgins and Sheriff Law Johnson, Democrats, and Otto H. Anderson, Republican.

**ILLINOIS IS
FOR WILSON**

Twenty-nine More Electoral
Votes To Democratic
Candidate.

TOTAL IS NOW UP TO 429.

California Also His By Small
Plurality Beyond a
Doubt.

Chicago, Nov. 8.—With all but 130 scattering precincts out of 4,288 in Illinois reported, Governor Wilson last night had a plurality of 9,437 over Colonel Roosevelt and it is generally conceded that he has carried the state.

All of the precincts to be heard from are outside of Cook county and many of them in the southern part of the state, where further pluralities for Wilson are anticipated.

The popular vote now stands: Wilson, 399,428; Roosevelt, 389,991; Taft, 250,297.

Looks Good In Wyoming.

Cheyenne, Wyo., Nov. 8.—Three hundred and ten precincts out of a total of 472 in Wyoming give Wilson 10,591; Taft, 10,328; Roosevelt, 4,624.

The drop in the Roosevelt vote was due to failure to count his vote in a number of counties.

The senatorial result still is in doubt. Democrats have forty votes in the next legislature; the Republicans 35, necessary to choice, 43. Lincoln county is missing. Upinuta county, which with Lincoln comprises an election district, has gone Democratic by a small majority. This district elects eight legislators and holds the deciding vote.

**THANKSGIVING
PROCLAMATION**

President Taft Sets Apart
November 28 For
Holiday.

GREAT CAUSE FOR THANKS.

Calls Upon All the People To
Observe The
Day.

William H. Taft.

Washington, Nov. 8.—President Taft today issued the Thanksgiving proclamation, setting aside Nov. 28 for the observance of that day. The President says:

"The year now drawing to a close has been notably favorable to our fortunate land. At peace within and without, free from the perturbations and calamities that have afflicted other peoples; rich in harvests so abundant and in industries so productive that the overflow of our prosperity has advantaged the whole world; strong in the steadfast conservation of the heritage of self-government bequeathed to us by the wisdom of our fathers and firm in the resolve to transmit that heritage unimpaired, but rather improved by good use, to our children and our children's children for all time to come, the people of this country have abundant cause for contented gratitude."

**PILING UP
THE FIGURES**

Wavering States Are Falling
Into Wilson Column Very
Rapidly.

THE SENATE IS ALL RIGHT.

Election Received With Favor
By Foreign Countries and
Markets Buoyant.

Only the uncertainty of close States, in no way affecting the general results, holds interest in final returns of Tuesday's election. The election of Wilson and Marshall was well received in foreign country, and markets showed buoyancy. The certain votes in the Electoral College stand: Wilson, 429; Roosevelt, 89; Taft, 12. Doubtful States give indications of landing in the Democratic column except South Dakota. Woman suffrage was successful in four of the five States where the question was submitted. Estimates of the popular vote varied, and it cannot be determined with accuracy whether Wilson has a majority over the combined Taft and Roosevelt vote. Fairly definite returns from State Legislatures indicate the Senate will be Democratic. In the House there are 279 Democrats, 118 Republicans, 12 Progressives, districts unreported 28. Total membership 435.

Trigg's Bad Record

Trigg County was one of the few places to go Republican. The total vote was: Wilson, 1260; Taft, 1322; Roosevelt, 117; Debs, 162.

The Record says 350 Democrats stayed at home. The Debs vote was also probably drawn from the Democratic side.

Taft And Hadley

Eighteen out of twenty-four members of the Republican National Committee have written Chairman Hilles that they favor Gov. Hadley, of Missouri for Vice President.

Commission Form Defeated.

The Commission form of government was again defeated in Paducah, this time by a vote of 1480 against to 1070 for it. A great many people failed to vote on the question.

Dunne Elected Governor

Chicago, Nov. 8.—Edwin F. Dunne, democrat, carried Illinois for governor by a plurality of 110,654, with 202 precincts not heard from.

**WILL STAY ON
TRENTON JOB.**

And Saw Wood And Say Noth-
ing For The Present,
Says Wilson.

THUS STOPS CABINET GOSSIP.

Glad That His State Has Be-
come Democratic In
All Branches.

Woodrow Wilson.

Princeton, N. J., Nov. 8.—"I think my right course just now is to hear everybody and make no statements."

Mr. Wilson said today he would "stay on the job at Trenton" until he had carried out his reforms, but with a democratic legislature behind him, this is likely to be a smooth process when the law-makers convene on January 1.

Though campaigning vigorously for the presidency, Governor Wilson concentrated earnest appeals in New Jersey. Nothing gives him more satisfaction than the fact that not only is New Jersey to be represented by two democrats in the United States senate, but for the first time in his administration as governor, both houses of the state legislature will be democratic. To put an end, if possible, to all gossip about cabinet appointments, he has issued the following statement:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report, because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. There are matters which must be determined by very deliberate counsel, and not by gossip."

**SENATE IS
ALL RIGHT**

Forty-eight Seats in That Body
Are Now Safe Beyond
Doubt or Dispute.

HAVE SEVEN OTHER CHANCES.

With Marshall in the Chair To
Cast the Deciding Vote in
Event of a Tie.

Washington, Nov. 8.—Control of the senate in the sixty-third congress now is practically assured to the Democrats. Conceding to the Republicans the legislatures of all states still in the doubtful column today, the Democrats will have a vote of 48, or one half of the entire membership of the senate, with a Democratic vice president in the chair to cast the deciding ballot in case of a tie.

Seven states are yet to be heard from definitely. A senator from one of these would give the Democrats a clear majority, and it is possible their strength will be even further increased by winning in several.

Kansas has been added to the Democratic column in the past twenty-four hours.

The states in which the complexion of the legislatures is yet to be decided are: Illinois, Michigan, New Hampshire, Oregon, South Dakota, Tennessee and Wyoming.

Success of Woman Suffrage.

A by-phase of the general election was the success of woman's suffrage in four of the five States where constitutional amendments were submitted to the people. The victory of the women was complete in Kansas, Arizona and Michigan; late returns from Oregon indicated they had succeeded there also; while from Wisconsin came returns showing the decisive defeat of the equal suffrage proposal.

President's State.

Ohio seems to have been in earnest. Even the President's home town, Cincinnati, gave Wilson a small majority.

Total vote in State (estimated): Republican, 312,600; Democratic, 446,760; Progressive, 253,564; Socialist, 46,000; Prohibition, no estimate.

Democrat Elected.

The Democratic plurality in Kentucky is approximately 105,000, while President Taft leads Col. Roosevelt by about 8,000 votes. Judge C. C. Turner, Democrat, was elected in the Seventh Appellate district.

A GRIDIRON IDYLL

—BY APPY—

When gentle Phyllis went with me
To see the football game,
So tender and soft-hearted she,
Methought it was a shame
That eyes so soulful, sweet and kind
Should rest their shrinking gaze
On scenes that needs must fill her mind
With horror and amaze.

I gazed upon her form so slight,
So fragile and so frail,
And pictured how the coming fight
Would cause her cheek to pale.
Full well I knew her girlish fears
Of even the thought of pain;
And soon, I knew, her maiden tears
Must fall like summer rain.

"Oh, heartless monster that thou art!"
My conscience sternly said,
"To rack with grief yon tender heart,
'Twere better thou wert dead."

But now, alas, the game was on
For I could flee away.

And burly teams of bounding brawn
Rushed forward to the fray.
"Two-six-three-four!" arose a roar,
And like a rending rock,
The shrinking sward to tatters tore
Beneath their sudden shock
The air was filled with shrieks and groans,
The grid ran red with gore;
Upon the ground with broken bones
Lay half a score or more.
With sinking heart and bated breath
I quickly turned my gaze,
To find sweet Phyllis scared to death,
But what was my amaze
To see her calmly mark the score
And hear her sweetly coo:
"O Cholly dear, I just adore
A football game; don't you?"

TOT'S IDEA OF REFINEMENT

Children of Parents Who Had Just
Moved Into Neighborhood Were
Owners of Automobiles.

Little Virginia, seven years old, re-
cently started to private school and
is hearing many things about culture
and refinement. Her mother is very
careful about the children with whom
Virginia plays and wishes to know all
about them before intimacy is permit-
ted. The other day Virginia had been
playing with some children.

"What children?" asked mother.
She was told about some new chil-
dren that has just moved into the
neighborhood.

"But," said mother, "you know I
have told you not to play with chil-
dren unless I know them and say it is
all right. I don't know anything about
these children."

"But, mother, they are perfectly cul-
tured and refined."

"How do you know they are cul-
tured and refined?" asked the mother,
amused.

"Well, they have two automobiles in
that family," replied the small one
with decision.

The Remedy.

Not long ago Lord Kinnaird, who is
always actively interested in re-
ligious work, paid a surprise visit to
a mission school in the east end of
London and told a class of boys the
story of Samson. In concluding his
narrative his lordship added:

"He was strong, became weak and
then regained his strength, enabling
him to destroy his enemies. Now,
boys, if I had an enemy what would
you advise me to do?"

A little boy after meditating on the
secret of that great giant's strength
shot up his hand and exclaimed: "Get
a bottle of 'air restorer.'—The Tat-
ler.

WELL INFORMED.

De Quiz—Is the correspondent of
that publication a well informed man?

De Whiz—I should say so. Half the
time he's the only person in the world
who knows whether what he tells is
true or not.

She Was Not Surprised.

"Weren't you sorry when you
heard that Tolstoi was dead?" asked
Mrs. Oldcastle. "Yes," replied her
hostess, as she pushed a \$900 bracelet
up on her left arm. "but it was not
at all surprisin'! Folks that go up in
them thins are always sure to get a
fall sooner or later."

Really Hard Luck.

Four men were sympathizing with
each other at an uptown hotel, accord-
ing to the New York Sun. They were
employees pretty well up on the staff
list and two of them were assistant
managers. They had indorsed checks
for acquaintances that they supposed
were all right, and according to the
rule, had to make good. "I'm worse
stuck than any of you," said the chief
engineer. "The check I got stuck on
was for \$114 and the man who signed
it is in jail."

FOR LOVERS OF CHOCOLATE

No Better Dessert Than This Form of
Frozen Pudding Can Be Put
on the Table.

Beat the yolks of three eggs and
one-half cupful of sugar together un-
til very light; add slowly one cupful
of scalded milk. Then gradually pour
this over one and one-half ounces of
unsweetened chocolate. Put the mix-
ture in a double boiler and stir until
it thickens and coats the spoon.
When cold, add one cupful of whipped
cream, one teaspoonful of vanilla ex-
tract, and freeze. Prepare and have
ready one cupful of candied fruits,
figs and seeded raisins. Cut the can-
died fruits and figs into small pieces;
cut the raisins in halves. Make a
syrup of a quarter of a cupful each of
sugar and water, add the fruit, cook
until it is tender and plump, then
drain. Add the fruit to the frozen
mixture when it is almost done, and
finish freezing. When done put in a
quart melon mold and let stand for
an hour or more, packed in ice and
salt. Serve with flavored whipped
cream.

HOUSEHOLD QUESTIONS

Decorated china plates should be
put away with round pieces of cotton
flannel between them.

Porcelain-lined sinks and tubs can
be cleaned by rubbing with a flannel
wet with kerosene.

Hot chocolate, unsweetened wafers
and crystallized prunes form a dainty
course for luncheon or supper.

To enrich the coloring, it is advis-
able sometimes to brown the flour
before making a spice or fruit cake.

It is a good plan to have individual
markings for bath towels. The initials
may be embroidered in chain stitch.

Rice Omelet Squares.

These squares are nice for lunch-
eon. To make this novel dish, beat
three eggs, whites and yolks together,
until very light, season to taste with
salt and pepper, and fold in lightly a
scant cupful of cold boiled rice. The
rice must first be well broken up with
a fork, so that each grain is loose.
Pour into a hot buttered omelet pan
and cook, setting it in the oven for a
moment to brown on top. With a
sharp knife, cut it into squares and
transfer these quickly to a hot platter.
Garnish with crisp lettuce leaves and
squares of tart currant jelly, and serve
immediately or it will lose its crisp-
ness.

Corn Oysters.

The corn absolutely must be scored
and scraped, and the natural starch of
the corn and the eggs are sufficient to
hold the fritters in shape. To one
pint of scraped pulp add two well-
beaten eggs, and if the corn is not
juicy add two teaspoons of milk.
If corn is very juicy no milk will be
required. Season with a good half-
teaspoon of salt and a saltspoon of
finely ground white pepper. Beat all
well together and fry by the spoonful
on a hot griddle greased with butter.
Use a pancake turner to handle them
and serve as soon as baked on a hot
platter. If overcooked or kept wait-
ing they become hard and lose flavor.

Madras Omelet.

Boil a tablespoonful of rice in milk
until soft, add to this a tablespoonful
of butter, salt, pepper and a very little
nutmeg. While the rice is cooling
prepare a filling of vegetables. Any
vegetables will do, but there must be
three or four kinds, and all in small
pieces. Sauté these slightly in but-
ter and with a little curry paste. Melt
a tablespoonful of butter in an omelet
pan and add rice into which have
been stirred the beaten whites and
yolks of two eggs. When cooked turn
it on a hot platter and add vege-
tables.

I went. Of course, there was a tre-

nearly tripped her up. She turned
quickly, and the scowl on her face
would have made a more timid man

a change suddenly came over her
face.

"Oh, I beg your pardon," she said,
sweetly; 'I thought you were my hus-

Ruined.

"Heavens!" exclaimed the presi-

and he trembled as one stricken with

Carries 36 States With a Total of 395 Electoral Votes

ROOSEVELT RUNS SECOND IN THE RACE

Democrats Increase Their Majority in the Lower House of Congress and Gain Control of the Senate, Thus Placing Them in Charge of Both the Executive and Legislative Departments of the Government.

Washington.—The Democrats not only will maintain a free working majority in the national house of representatives, but increase their majority of sixty-eight in the present congress.

The Democratic sweep throughout the country will make enough state legislatures Democratic on joint ballot to overturn the present Republican majority in the United States senate and give the entire machinery of the national government into Democratic hands.

The increase of forty-one of the house of representatives under apportionment, according to the new census figures, worked in favor of the Democrats and gave them enough additional members

the largest ever given any candidate for president.

Thomas R. Marshall of Indiana will go into office with him to preside over the senate as vice president.

Theodore Roosevelt, head Bull Moose of the new Progressive party, was the "runner-up" in the fight for the presidency. He carried seven states, with a total electoral vote of 117. William Howard Taft was third in the race. The majority of the voters in only five states expressed their confidence in him, and when the electoral vote is cast he will get a total of twenty-one.

Early returns gave Gov. Wilson and Gov. Marshall the "solid South" and the states of Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York, West Virginia, Indiana and

NEW YORK FOR WILSON BY 200,000

SULZER ELECTED GOVERNOR OF EMPIRE STATE.

Roosevelt Runs Third—Taft Has Plurality of 35,000 Over Colonel in State. Sulzer Declares It Is a Victory for the People.

New York.—Woodrow Wilson is the choice of the state of New York for president by a plurality of 200,000. President Taft led Col. Roosevelt by about 35,000.

Congressman William Sulzer was elected governor with a plurality of 175,000 over Job E. Hedges, the Republican nominee, who in turn led Oscar Straus, candidate of the Progressive party, by about 15,000.

William Barnes, Jr., chairman of the Republican state committee, issued the following statement:

"The result of the election in the state of New York demonstrates one thing: That the Roosevelt movement was simply a Republican bolt. With all of the frantic efforts that were made to secure votes from people generally the result shows that practically none but former Republicans joined the Roosevelt movement.

"The decisive victory of Taft and Hedges over Roosevelt and Straus is a demonstration that the Republicans of New York desired the renomination of President Taft and that the delegates from this state properly expressed the preference of the Republicans when a large majority of them voted for Taft at Chicago.

Gov.-elect Sulzer this evening issued the following statement:

"This is a victory for the people and good government. Of course, I am gratified, but I deeply realize the responsibility entailed and I now want to see that the Democrats make good. The opportunity is theirs. I am deeply grateful to the people and thankful to all my friends."

The governor-elect received the returns at his residence in Second avenue.

WILSON WILL HAVE 395 VOTES

New York.—With the election of Woodrow Wilson to the presidency and Thomas R. Marshall to the vice-presidency assured returns show that the electoral vote of the Democratic candidates will go to 395.

The Providence, R. I., Journal conceded the state to Wilson, and with the vote close in New Hampshire, it seemed probable that New England, with the exception of Vermont, had gone over to the Democratic column.

Dixon Looked to the West. Senator Jos. M. Dixon, chairman of the national Progressive committee, with Gov. Hiram W. Johnson, the vice-presidential nominee, and Mrs. Johnson, Mr. and Mrs. Theodore Roosevelt, Jr., Oliver Roosevelt, a nephew of the colonel, and George W. Perkins, heard the returns at the party headquarters.

Early returns from the Eastern states were discouraging and Senator Dixon remarked:

"We have got to go west for the Roosevelt vote."

The returns gave an apparent victory to Taft in New Hampshire and Vermont, but the Taft pluralities dwindled to a very few hundred votes in each state.

The vote in Utah reported up to midnight indicated the state might be carried for Taft. The New York state assembly is overwhelmingly Democratic. In Illinois, Judge Dunne, the Democratic candidate for governor, won, notwithstanding the heavy Roosevelt vote.

The claims of the Roosevelt managers that Iowa, Michigan and Kansas would fall into the Roosevelt column were verified by the returns.

JERSEY IS WILSON'S.

Home State Rolls Up Majority of at Least 35,000 for Him.

Newark, N. J.—New Jersey has given Wilson a plurality over Roosevelt. Returns show Taft in third place. His vote was less than half of Wilson's.

The heaviest vote ever cast in the state and a long ballot delayed the count.

Ten of the state's representatives in the next congress will be Democrats; two will be Republicans. The Democrats gain three over their present representation. A Democrat will succeed Frank O. Briggs as United States senator.

OHIO.

Cincinnati, O.—Returns give Wilson a plurality in the state of 100,000 to 110,000.

Congressman James Cox of Dayton received approximately the same plurality for governor, and the entire Democratic state ticket is elected.

NORTH CAROLINA.

Raleigh, N. C.—Returns from over the state show a large vote, with Wilson carrying the state by 50,000 majority.

WISCONSIN.

Milwaukee.—Complete returns throughout the state indicate that Wilson has swept Wisconsin by from 20,000 to 30,000 votes. The Democratic candidate carried Milwaukee county over Taft by close to 10,000.

MICHIGAN.

Detroit.—Returns show Taft 12,341; Roosevelt 20,530; Wilson 16,956. It is conceded Roosevelt will carry the state.

PRESIDENT SENDS CONGRATULATIONS

FEARS CHANGE IN THE GOVERNMENT'S TARIFF POLICY.

It Behooves Republicans to Gather Again Around Their Standards, He Says. Young Must Be Converted to Sound Principles.

Cincinnati, O.—President Taft concedes the election of Gov. Wilson. He issued the following statement from his brother's home here:

"The returns insure the election of Gov. Wilson to the presidency. This means an early change in the policy of the government in reference to the tariff. If this change can be made without halting prosperity, I sincerely hope it may be.

"The vote for Mr. Roosevelt, the third party candidate, and for Mr. Debs, the Socialist candidate, is a warning that their propaganda in favor of fundamental changes in our constitutional representative government has formidable support.

"While the experiment of a change in the tariff is being carried out by the Democratic administration, it behooves Republicans to gather again to the party standard and pledge anew their faith in their party's principles and to organize again to defend the constitutional government handed down by our fathers.

Must Warn Against Reform.

"We must make clear to the young men of the country who have been weaned away from sound principles of government by promise of reforms, impossible to accomplish by mere legislation, that patriotism and common sense require them to return to a support of our constitution. Without compromising our principles, we must convince and win back former Republicans and we must reinforce our ranks with constitution-loving Democrats.

"We favor every step of progress toward more perfect equality of opportunity and the ridding society of injustice. But we know that all progress worth making is possible with our present form of government and that to sacrifice that which is of the highest value in our governmental structure for undefined and impossible reforms is the wildest folly.

We must face the danger with a clear knowledge of what it is. The Republican party is equal to the task. It has had no nobler cause. Let us close ranks and march forward to do battle for the right and the true."

Congratulates Wilson.

President Taft sent telegram to Gov. Wilson, as follows:

"Cincinnati, O.—Hon. Mr. Woodrow Wilson, Princeton N. J.: I cordially congratulate you on your election and extend to you my best wishes for a successful administration. Wm. H. Taft."

BRYAN CONGRATULATES.

Believes Wilson's Administration Will Be Blessing to Nation.

Lincoln, Neb.—W. J. Bryan sent the following telegram to Gov. Wilson:

"I most heartily congratulate you and the country upon your election. Your splendid victory has borne fruit. I am sure your administration will prove a blessing to the nation and a source of strength to our party."

G. O. P. ANNIHILATED—T. R.

Col. Roosevelt Says Progressives Will Control in 1916.

New York.—Col. Roosevelt telephoned friends at the Union League Club that the Progressive party has annihilated the Republican party in the nation and would control the national committee and national convention in 1916.

DID NOT VOTE FOR SON.

Father of Gov. Johnson Casts Ballot for Democrats.

Sacramento, Cal.—Grove L. Johnson, father of the Progressive candidate for vice-president, Hiram W. Johnson, did not cast his ballot for his son. He voted for Wilson and Marshall. He was defeated at the primaries for the Republican nomination for assemblyman.

"My son is on the wrong side of the political fence," said Mr. Johnson.

BETTING WAS LIGHT.

25 to 1 Against Taft and 8 to 1 Against Roosevelt Recorded.

New York.—Rarely has there been a presidential election in which the betting has been so light.

The fact that the election of Gov. Wilson was taken for granted by the sporting fraternity in general was conducive of tight bands on bank rolls. The odds on Wilson were 1 to 6.

As high as 8 to 1 against Roosevelt was offered, with few takers. Several small wagers of 25 to 1 were recorded against President Taft.

ILLINOIS.

New York.—National Chairman McCombs of the Democratic national committee concedes Roosevelt a victory in Illinois.

MISSOURI.

St. Louis, Mo.—Wilson wins in Missouri by 100,000.

Democratic congressmen were re-elected in the First, Third, Eighth and Ninth districts, and a Democratic congressman returned from the Fifteenth. In the Twelfth, Dyer (R.) led Gill, his Democratic opponent, by 1,000.

NEVADA.

Reno, Nev.—Returns from precincts throughout the state give Wilson a substantial lead over Taft and Roosevelt.

ROOSEVELT WIRES WILSON

TEDDY SAYS FATE OF LEADER IS OF LITTLE CONSEQUENCE.

"The American People Have Decided and I Accept the Result With Good Humor and Contentment."

Oyster Bay, N. Y.—Shortly before midnight Col. Theodore Roosevelt made the following statement:

"The American people by a great plurality have decided in favor of Mr. Wilson and the Democratic party. Like all good citizens, I accept the result with entire good humor and contentment. As for the Progressive cause, I can only repeat what I have so many times said: The fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well-being of the American people.

"THEODORE ROOSEVELT."

About the same time he issued his statement Col. Roosevelt sent the following telegram to Gov. Wilson:

"The American people, by a great plurality, have conferred upon you the highest honor in their gift. I congratulate you thereon.

"THEODORE ROOSEVELT."

NEW JERSEY.

Democrats Elect Twelve of the Fourteen Congressmen.

Paterson, N. J.—The congressmen elected in New Jersey are: First district, Wm. J. Browning, Republican; Second district, John J. Gardner, Republican; Third district, Thomas J. Scully, Democrat; Fourth district, Allen B. Walsh, Democrat; Fifth district, Wm. E. Tuttle, Jr., Democrat; Sixth district, Lewis J. Martin, Democrat; Seventh district, Robert G. Brenner, Democrat; Eighth district, Eugene F. Kinkaid, Democrat; Ninth district, Walter I. McCoy, Democrat; Tenth district, Edward W. Townsend, Democrat; Eleventh district, John J. Egan, Democrat; Twelfth district, James A. Hammil, Democrat. Total Republican, 2; Democrats, 12.

KENTUCKY

For Wilson—Louisville Goes Into Democratic Ranks.

Louisville, Ky.—It became evident early Wilson would carry Kentucky by a heavy majority. Several strong Republican counties went into the Democratic column and Lee county for the first time in its history gave a majority for the Democratic nominee. Returns from 120 counties in the state give Wilson approximately 140,000, a plurality over both Taft and Roosevelt of about 20,000.

Louisville and the rest of the Fifth district were carried by the Democrats.

MASSACHUSETTS.

Boston.—Gov. Wilson's strength in Boston almost equaled that of Col. Roosevelt and President Taft combined, the latter two almost evenly dividing the vote, received by Taft four years ago. The Democratic nominee made a slight gain over the vote given Bryan in 1908. Complete returns from the city showed: Roosevelt, 21,548; Taft, 21,777; Wilson, 42,706.

Gov. Foss, the Democratic nominee for re-election, polled almost as many votes in Boston as he did last year, despite the third candidate. His total was 48,282, against 50,495 last year. Charles S. Bird, the Progressive candidate, polled 18,717 votes in Boston and Walker, Republican, 17,296. The Republican vote for governor last year was 28,751.

Massachusetts has favored a Democratic candidate for president for the first time in its history.

ARKANSAS.

Wilson Has a Plurality in the Neighborhood of 45,000.

Little Rock.—Arkansas voted for congressmen and presidential electors only, state officers and the legislature having been elected in September. An unusually large presidential vote was polled and Wilson's plurality will be in the neighborhood of 45,000 votes. The surprising feature of the voting in Little Rock was the large number of prominent Democrats who voted for Roosevelt. The ex-president also received the support of many Republicans. The following Democratic nominees for congress were elected by usual majorities:

First district, T. H. Carraway; Second district, W. A. Oldfield; Third district, J. C. Floyd; Fourth district, Otis Wingo; Fifth district, H. M. Jacoway; Sixth district, S. M. Taylor; Seventh district, W. S. Goodwin.

WYOMING.

Cheyenne, Wyo.—Returns from Wyoming indicate that Taft has carried the state by a safe plurality.

PENNSYLVANIA.

Philadelphia, Pa.—Roosevelt has carried the state by 25,000.

KANSAS.

Topeka, Kas.—Returns indicate that Roosevelt carried Kansas over Wilson by 1,000 plurality, Taft apparently running poor third.

DELAWARE.

Wilmington, Del.—Woodrow Wilson carried Delaware by 10,000 plurality. The next legislature will be Democratic. It will elect a successor to United States Senator H. A. Richardson, Republican.

GREAT CAUSE HAS TRIUMPHED

Princeton, N. J.—Responding to a telegram from the Democratic national chairman asserting that Gov. Wilson was elected, the Democratic candidate sent a dispatch to Mr. McCombs as follows:

"I deeply appreciate your telegram and wish to extend to you and the members of the campaign committee my warm congratulations on the part you have played in the organization and conduct of a campaign fought out upon essential issues.

"A great cause has triumphed. Every Democrat, every true progressive, of whatever alliance, must now lend his full force and enthusiasm to the fulfillment of the people's hope, the establishment of the people's right, so that justice and progress may go hand in hand. This was Gov. Wilson's first utterance of a public character after his acceptance of the reports that he had been elected.

Capt. "Bill" Excited.

Gov. Wilson sat with a party of friends around a brilliantly illuminated dinner table as the elections returns came in. The first results the governor got were favorable and his comment was "That's very encouraging." The returns that continued to come in from Massachusetts, Connecticut and New York all favored Wilson, and the party about the dinner table showed its pleasure.

Capt. "Bill" McDonald, the Texas ranger who is the governor's bodyguard, read a stack of returns and felt so happy that he exclaimed:

"I wonder if I'd get arrested if I just shot off my guns. If it keeps up this way I'll have to just turn 'em loose."

Capt. McDonald is a close friend of Col. Roosevelt, but differs with him politically.

CHICAGO SAVES TEDDY.

Cook County Gave Him a Majority of Over Sixteen Thousand.

Chicago.—Col. Roosevelt and Judge Dunne carried the state for president and governor, respectively. It was only the Colonel's strong showing in Cook county that carried him through. There, in 1,308 out of 1,498 precincts, he led Gov. Wilson by 16,661. Returns from down-state showed that in 1,692 out of 2,788 precincts outside of Cook county Wilson was 14 votes in the lead. President Taft ran third, both in Cook county and down the state.

The Illinois legislature will be made up of 96 Republicans, 97 Democrats, 9 Progressives and 2 Socialists. With a total membership of 204, the figures show the Progressives and Socialists hold the balance of power in the election of two United States senators.

CONNECTICUT.

New Haven.—Connecticut, which four years ago gave Taft a plurality of 44,000, gave good-sized majorities to Wilson for president and Baldwin (D.) for governor. Democrats also elected five congressmen.

LOUISIANA

Still Loyal—Roosevelt Is Running Second and Taft Third.

New Orleans, La.—Louisiana has given its usual Democratic majority to Gov. Wilson, Roosevelt running well ahead of Taft.

FLORIDA.

Jacksonville, Fla.—Wilson carries Florida by the usual Democratic majority. Every Democratic candidate has been elected.

WOODROW WILSON

from safe Democratic districts to maintain at least the present Democratic membership of the house of representatives which would give them 230 out of a total membership of 435, free majority of thirty.

Champ Clark, Democratic speaker of the house, has been returned to congress by an overwhelming majority from the Ninth Missouri district, and undoubtedly will be speaker of the Sixty-third congress.

I contrast to the triumphant return of Champ Clark the returns from the Eighteenth Illinois district show the defeat of former Speaker Joseph G. Cannon, after serving thirty years in congress, a continuous service, but for a break of two years. He was speaker for eight years.

William B. McKinley, in the Nineteenth district, also has been defeated. He was the Taft pre-convention manager and was fought bitterly both by the Democrats and the Progressives.

Returns in Massachusetts show that the Democrats will have 160 of the 280 seats in the legislature and will elect a Democrat to the United States senate to succeed Winthrop Murray Crane. This will be the first Democrat sent to the United States senate from Massachusetts since Charles Sumner.

The New Jersey legislature also will be Democratic on joint ballot and will send a Democrat to the senate in Washington to succeed Frank O. Briggs.

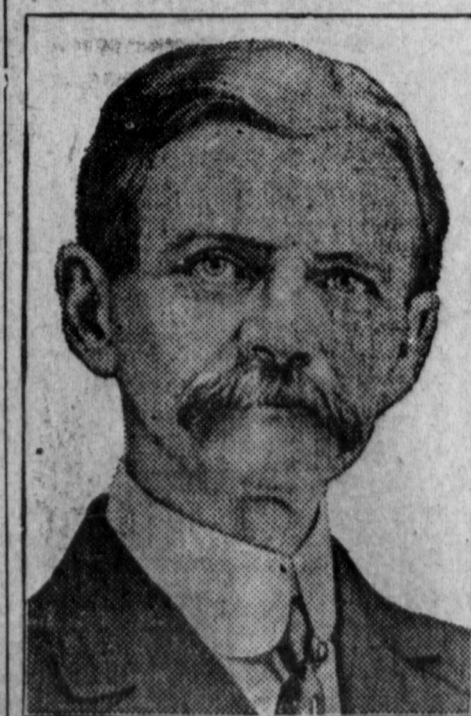

Chicago.—The United States went Democratic.

Woodrow Wilson of New Jersey will be the twenty-eighth president of the United States. He carried thirty-six states, with a total of 390 electoral votes.

TAFT RECEIVES NEWS CHEERFULLY

Cincinnati.—In the same house where he heard the news of his victory over W. J. Bryan four years ago, President Taft read the bulletins that told the story of the election. The president and C. P. Taft and Mrs. Charles Anderson, Mrs. Taft's sister, were the only members of the family present, but a few friends dropped in during the evening. The president was cheerful and smiling and apparently was under less strain than other members of the family dinner party at the home of his brother.

Missouri. As the night advanced and returns from the West began to come in, the earlier estimates were confirmed, and Montana, New Jersey and New Mexico were added to those certain for the Democratic candidates, while scattering returns from San Francisco and Los Angeles made it probable that California might join the Wilson-Marshall column.

Thomas R. Marshall.

Rhode Island also became a doubtful state, but swung to Taft.

The uncertainty regarding Vermont was settled by the announcement of the complete vote, which gave Mr. Taft a majority of 924 votes.

The president voted shortly before noon, spent a few minutes at Prosperity League headquarters and then returned to his brother's house of rest. On his way to the polls in an automobile the president was cheered frequently. He waved his hat and bowed and posed smilingly for several photographers.

Mr. Taft has many times declared his intention of returning to Cincinnati and resuming the practice of law if defeated, and that intention was said not to have been altered.

Editorial Comment

Chas. C. Turner, of Mt. Sterling, who surprised everybody by winning the race for Appellate Judge in the Seventh district, is a son of former Congressman Tom Turner and is said to be an able lawyer. He defeated A. T. Kirk, Republican, and Jno. D. White, Progressive, although it is said the Democratic committee did not regard his candidacy as serious enough to call for assistance.

Mr. Sterling, a small mountain city, has just elected its sixth judge of the Court of Appeals. B. J. Peters, W. H. Halt, Jas. H. Hazelrigg, Edward C. O'Rear, Robt. H. Winn and Chas. C. Turner make up the list, to which may be added Richard A. and Van B. Young, of the Supreme Court, since abolished.

The Democrats had pulled Ben Smith off in the Eleventh district and thrown their 10,500 votes to Seavey, the notorious Caleb Powers would have been left at home. A Progressive Republican would have seen a big improvement over one of the Powers stripe.

The Republican candidate for Vice President, it is now said, will be named from one of the three States carried by the President, Idaho, Utah and Vermont. Borah, of Idaho, is a possibility, if Hadley, of Missouri, declines the empty honor. The committee meets Tuesday.

The Republicans in New Hampshire will have a majority of sixteen in the legislature on joint ballot. The legislature will be called upon to elect a governor and United States Senator. Wilson carried the State.

The mighty Republican party that polled 7,000,000 votes only four years ago, finds itself left with only 12 electoral votes, fewer than Wilson will get in the State of Kentucky.

A sharp earthquake shock of two or three minutes' duration was felt at Seward, Alaska, Wednesday. No damage was done, but many houses fell into the streets.

Both papers were discussed by many of the members.

WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escape.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have any one move in the room. The doctors gave me medicine to use me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to try it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

I got along so well that I gave up the doctors and was saved from the operation."—Mrs. CHARLES MOORE, R. R. No. 3, Murrayville, Ill.

For Cleaning Steel.

To clean articles made of steel rub with a piece of raw potato, unaltered lime or powdered pumice.

Skates, sled runners, etc., may be prevented from rusting when they are stored away for the summer by coating them with a mixture of lard, pulverized black lead and camphor.

To remove rust from steel rub with salt wet with hot vinegar. Dry with a clean flannel and polish with sweet oil.

To Stone Raisins Easily.

Most housewives agree that raisins which are stoned at home have a much better taste than which are bought already seeded, but dislike to seed them because it is "such a sticky job." This can be done very easily if the raisins are first soaked for five minutes in boiling water and then plunged into ice water. The seeds can be removed easily with a wooden toothpick.

Delicious Raspberry Jam.

Pick the fruit over carefully, weigh equal quantities of fruit and sugar, put the washed fruit into the preserving pan, let it boil quickly four or five minutes, then add the sugar and simmer slowly a little while. If you wish to add currants, take fresh, ripe ones, one quart to three quarts raspberries.

Florentine Toast.

Toast round slices of bread. On each piece put a slice of tomato. Cover this with a paste of sardines; spread on the top grated cheese, with a drop of tabasco sauce. Put in the oven long enough to melt the cheese. Serve after the soup in place of a fish course. It is very appetizing for a card party luncheon.

Hard to Answer.

Little four-year-old Robert, like many other boys of his age, liked to ask questions. So when the first downy chicks came in the spring and his mother saw him studying them most intently, she knew something was coming. And it did, for presently he turned to his mother and asked, "Mamma, are chickens' legs hind legs or front legs?"—M. B. Denison in Woman's Home Companion.

BONUS FOR A TENANT

CANNOT GET ANYBODY TO RENT HAUNTED HOUSE.

One Nocturnal Experience With Ghosts is Enough for the Landlord, and He Wants Somebody Else to Live There Now.

Kent, Conn.—"Fifty dollars cash bonus and two months' rent free to anybody who will live not less than two months in this house."

Such is the sign which Ezra Blake, wealthy landowner, has put up on one of his houses in the negro quarter near here.

Among negroes the house is reputed as "haunted." Up to a month ago it was never known to have any spiritual visitors. But the last tenants, a couple named Jackson, after living in it for five years, had a ghostly visitor one night, and since then Mrs. Jackson declares that a ghost chased her up the back stairs, and Mr. Jackson corroborates her.

Jackson was first to hear queer noises, and he aroused his wife.

"Josephine," he called, "th' suah an awful queer soun' in de cellar!" Josephine listened, and there came to her ear a sound of low moaning, punctuated by sibilant whisperings. Josephine trembled, but Jackson leaped out of bed. He said he'd "investigate the matter thoroughly."

"Josephine," he said, "you go down cellar and see wha' fo' that noise is. Ef you need any help, why jes call me, that's all, jes call me."

Josephine demurred, but Jackson was firm; so Josephine went downstairs, while Jackson sat behind the washstand.

He didn't have long to wait. Josephine came back shrieking: "Mah God, it's arter me!"

Jackson didn't wait to see what "it" was, but sprang through the window to the porch roof and "slid" down a post to the ground. The last Josephine saw of him he was sprinting up the road leading to their nearest negro neighbor. As he ran Josephine's shrieks were as wings to his legs. Jackson would have given \$5,000 if he had it—so he said afterward—to have had that ghost right then. What he would have done to it would have been a plenty.

As it was, he hoofed it right along to his neighbor's and told his story.

Jackson and his neighbor returned to the house to rescue Josephine, but when they reached the house the shrieks had ceased. Evidently she was gone, but the intrepid pair waited a few yards away for the ghost.

Presently young Mose Johnson espied a flimsy white figure flitting past the upstairs window. He let fly an apple. It hit the white-robed figure square in the face. The head was poked into the window.

"Mose Johnson!" it shrieked. "I'll smash your everlastin' good-for-nuffin' nigger head for you."

It sounded like the voice of Josephine. And, in fact, as Mose did a quickstep up the road, Josephine darted down the back stairs.

Nothing could induce Josephine to return, though her husband hinted to her that her attire was not quite the thing for the street. So the couple spent the rest of the night at a neighbor's house. Since then not a negro has crossed the threshold of the "haunted house."

Blake recently spent considerable money repairing the place, and he says he does not propose to be "robbed of his house by a superstitious prejudice."

BLAMES FLIES FOR TYPHOID

Bacteriologist's Opinion of Recurrent Epidemics at Newark, Del.

Wilmington, Del.—"The recurrent epidemics of typhoid fever at Newark, Del., are due to the spread of typhoid germs by flies. There is no doubt about this."

This declaration was made today by Dr. Albert Robin, one of the foremost bacteriologists in the east and for four years bacteriologist in the state laboratory in connection with Delaware college at Newark. Dr. Robin, now a resident of Wilmington, continued:

"The four years that I spent at Newark enabled me to learn all about the town. The present outbreak of typhoid fever is traceable entirely to flies. The town has no system of sewerage. As a result filth is not carried away; it remains on the surface and in cesspools. The water supply is absolutely pure.

"When a single case of this dread disease manifests itself, especially in summer, it is not long before other cases develop. This is because flies carry the germs from the filth to the homes of prospective victims by crawling over their food.

"There are now upward of a dozen cases in the town, a majority of them being among colored people who have no screens in the windows of their homes. As long as Newark remains without a system of sewers just so long will it be impossible to prevent these epidemics at intervals. It is not possible to kill all the flies, but it is possible for the town to install sewers."

When a serious epidemic of typhoid occurred at Newark a couple of years ago and caused a number of deaths the authorities of the town conducted an exhaustive investigation as to the origin without results. Prof. Freidenberg, a member of the Delaware college faculty, died from the disease, as did several students.

SET LUNCHEON TABLE SIMPLY

Over-Elaboration is a Fault When This Form of Entertainment is in Order.

The luncheon table is laid in a simple manner—the simpler the better. Lay the cloth as for dinner—have a few flowers, a couple of small vases filled with blossoms and leaves, or a low bowl of ferns. Fruit also makes a decorative bit of color. Have a little well-polished silver and glass and be sure that they are laid tastefully and in order. The fashion of drinking tea or coffee with luncheon is happily going out, their place being taken by the more healthful fruit drinks, particularly grape juice. These may be prepared beforehand and served from a glass pitcher on the table. Let all of the things offered be good though simple with an attractive garnish where necessary, and your repeat is bound to be successful. Do not overload your table, "enough is as good as a feast," and be sure you have enough to go round for "a scant meal is scant welcome."

TWELVE CENTS ENTIRE COST

Apple Poly Poly Chiefly Depends for Success in Dexterity and Carefulness of Mixing.

Two large cups of flour (2 cents), add a pinch of salt, teaspoon of baking powder, tablespoon of lard (1 cent), mix with cold water to a consistency sufficient to roll out very thin.

Three good-sized cooking apples (4 cents) chopped very fine. Spread apples on rolled out crust, sprinkle well with two tablespoonsful of sugar and a little grated nutmeg, roll up as jelly roll. Put in a round pan well greased with butter. Be sure to have the pan deep, a milk pan is best. Add one-half cup of sugar (3 cents), tablespoonful of butter (2 cents) and one-half teaspoonful of grated nutmeg. Cover all with boiling water. Put in the oven to bake until a good brown. The boiling water, sugar and butter make the sauce. Serve hot. This is a most delicious pudding.

Raised Doughnuts.

Four cups milk, two cups sugar, three-fourths cup lard, two eggs, one yeast cake, one level teaspoon soda, salt. Rub sugar and lard to a cream and set aside half of it. Scald milk and add to sugar and lard. When cool add dissolved yeast cake and flour to make a batter. Let rise in a warm place over night; beat eggs with remaining sugar and mix thoroughly together with the soda dissolved in a few drops of water with the batter, add flour to make a soft dough and knead well, roll and cut out with a two-inch biscuit cutter. Let rise until very light, then fry. Half the rule makes five dozen.

Furniture of Maple.

There is a new style of furniture of plain line that is of gray maple inlaid with copper and silver in simple conventional designs. The furniture is of the light weight mission order, though not so severe in line and with the metal inlay a trace of color is introduced. The chairs are roomy and comfortable and the pieces include a chest of drawers that is made with cabinet top in which there are three small drawers and two cupboards; a sewing table with drop leaves, dressing table and stool, flat desk and all the rest.

Comforter Help.

When making your "comforters" try this scheme. Tack the cotton batting carefully into mosquito netting, then slip between sikoline covers, and tie as usual. When you want to wash the cover it is a simple matter to snip the knots, slip the batting out of the cover, and cleanse it. Much bother is saved, because the covers can be washed easily, whereas washing the whole comforter is a great job, and then, in this way, the cotton batting is not matted down as by washing.

Cheese Fingers.

Cut up into small shreds four ounces of cheddar cheese, free from rind, put in a pan with one ounce butter and a teaspoonful of milk. Season with pepper and a very little salt and stir till melted and cream like. Cut three or four triscuits into halves, heat them well and butter them and range them on a hot dish or on plates and pour the melted cheese mixture over carefully and serve with the salad.

PIG A SNAKE CHARMER

HE JUST LOOKS BOA CON- STRICTOR IN EYE.

Zoo Guinea Thus Saves His Life— Then Calls on Lizard, Who Never Did Care for Him—Again His Glare Wins.

New York—A very fat guinea pig, a fluffy ball of white and brown, with snappy little beads of eyes that gaze out upon the world fearlessly, has furnished Raymond L. Ditmars, curator of the Zoological park in the Bronx, and Charley Snyder, his assistant, with another interesting puzzle, which they are still far from solving. The guinea pig was one of a fast increasing group which are from time to time killed off to replenish the snakes' bill of fare. The act which lifted this particular pig above the others of the family and brought it to the attention of Curator Ditmars and Snyder occurred when several days ago he managed to get into the inclosure of two hungry boa constrictors, and not only lived but so liked his experience that he sought further adventure in the retreat of the eight-foot monitor lizard.

The little animal was kept in a room at the north side of the reptile house, and back of the glass front inclosures containing the various members of the snake family. It was feeding time for certain of the big snakes, and Snyder, with a supply of fresh killed guinea pigs and rats, was in the narrow passageway back of the snake house feeding several Indian rattlers. The little brown and white pig, which had become accustomed to his quarters, wandered out into the space where the keeper was working. The little animal was very inquisitive, but Snyder gave him no more than passing attention.

He gave the rattlers their allowance of food and stood for a few minutes watching them in the process of slowly swallowing their portions. Then he turned to the door of the boa constrictor cage, and as he opened it he saw a sight which filled him with surprise. In some way the guinea pig had climbed up to the cage and gained entrance to it.

Both snakes were hungry, for it had been several days since they had been fed, and one of their especial delicacies is guinea pig. Yet neither had made any attempt to eat up the fearless visitor, and when Snyder caught sight of the little animal he was in a comfortable position alongside the tail of the longest snake.

The other snake, half coiled, he said, was regarding the pig with interest mixed with amazement. The guinea pig appeared to be content, and was sitting, regarding the half-coiled snake with a steady stare.

Evidently stimulated by his adventure in the boa constrictor cage, the pig went hunting more the day after his visit to the snakes. This time it got into the sun room at the east end of the reptile house. In this room are the reptiles that are sick in the process of shedding their skins.

When Mr. Ditmars heard of this second visitation, the pig was endeavoring to make friends with the big monitor lizard. Now, the lizard feeds upon eggs, which it bolts, shells and all, and it does not feel amiably disposed toward guinea pigs or rats. When discovered the little animal was sitting comfortably in front of the lizard, regarding it with a steady look that was returned with interest by the reptile. When Ditmars approached the lizard ambled forward, changing its course so as to move around the guinea pig.

The whole affair was so extraordinary that Mr. Ditmars and his assistant are giving much study to it. Why two hungry snakes should refuse such a tempting morsel as a brown and white guinea pig, and not only reject him as an appetite satiation, but show a desire to make friends with him, is so contrary to the natural course of events that both men are seeking a reason. Snyder inclines to the belief that the guinea pig possesses what he calls a hypnotic eye and that in this the snakes recognized one of their own kind, and the lizard also found in the pig's stare an all-compelling force.

TOO TICKLISH FOR ROBBERS

Woman Just Could Not Stand for Hold-Up Man to Search Her.

Kansas City, Mo.—Being ticklish saved Mrs. Frances Justine the other night from losing her purse to robbers and a meeting that might have been terrifying turned into an amusing affair. She was on her way home when two armed men commanded her to walk back with them to the shadow of a warehouse.

"We want money, that is all," they said. "So throw your hands up."

She obeyed and informed them that her purse was tucked in the top of her corset, under her arm. One of the men tore open her waist and thrust in a hand. It came out in a hurry to clasp over the woman's mouth, as she screamed "Don't!"

"I didn't mean to cry out that way," she laughed, as the hand dropped and gave her a chance to speak, "but I am awfully ticklish and I just can't stand it."

The continued efforts of the men to find the purse, while Mrs. Justine's protecting arm wouldn't stay up, threw her into fits of laughter, which so disturbed the robbers that, as she sank to the pavement, they ran.

NICK GOT IT IN THE NECK

Democrat to Replace Alice
Roosevelt's Hubby.

Cincinnati, O., Nov. 8.—Congressman Nicholas Longworth was defeated for reelection by Stanley Bowdie, democrat, by 85 votes, according to the unofficial canvass of the vote in the First Ohio district. Congressman Longworth will not admit his defeat, however, and the result will not be finally known until the board of election has made its official canvass.

Compromised.

The \$50,000 damage suit of Dr. O. R. Kidd against Sidney Terrell, Fletcher Terrell and Enoch Lynn has been compromised, at Paducah. The suit, it is said, was settled by the payment of \$1,000.

The suit was filed following the attack on Dr. Kidd by the three defendants and forcing him to sign his resignation as a member of the board of public works.

A Statement From the School Board.

In view of the action recently taken by the School Board, after due consideration and examination into conditions existing in the High School, in their behalf and as a duty to the public, they wish to make a condensed statement of what has led to such action touching Mr. Bowden's resignation.

Without entering into details of all that was presented to the board, and facing the unsatisfactory conditions in regard to outbreaks and instances of insubordination in the student body, the board was brought to the frankest investigation of these conditions, and it was unanimously agreed that the good of the schools demanded at the hands of the board that all proper steps be taken to correct same. This was done patiently, calmly and with fairness to all. Without public reflection upon specific individuals, the voluntary withdrawal of the principal was accepted and adjusted in a business-like way.

The filling of the place must necessarily be prompt and efficient. In their judgment they feel that they have done the best they could under the stress of circumstances.

The successful operation of the schools now depend upon the loyalty of students, teachers, trustees and parents to one idea—harmony and respect for the vested authority—and in order to maintain same we as a board appeal to the patrons and citizens and the pupils generally to aid as a civic and moral duty in sustaining this authority in every way possible by word and deed.

The board is moving slowly and so early to work out this whole problem and believe in the people to help adjust all matters in a satisfactory way.
